

P2001 Series Portable PA System

*F*airfield*A*udio

P2001

The Fairfield Audio P2001 is a rugged battery operated self contained portable PA system. This versatile system is the perfect system for the professional that requires excellent quality sound and mobile versatility. From the Auctioneer moving from room to room to the singing group riding on a parade float this system goes anywhere and sounds great. Easy mobility is achieved with the unit's detachable pull out handle and wheels assembly as well as the built in battery. Convenience is enhanced with the optional built-in wireless microphones and CD player. The bodypack wireless microphone has a volume control right on the pack making it ideal for the presenter in a class room of 200 or a 10' x 10' trade show booth. Hard molded exterior and unitized handle make the unit rugged enough to handle the stress being transported from event to event.
